- Academic Scholarship, 2021

WORK EXPERIENCE

Chengdu Economic Development Research Institute

Industrial Research Institute Intern

Mar 2026 – Jun 2026

- Authored Wenjiang District's key industry-chain monitoring reports, analysing revenue, tax contributions, contributing to Longmenshan Tourism Resort's development plan and Pengzhou Economic Development Zone's operation monitoring reports
- Developed industry maps for Pidu High-Tech Industrial Development Zone and Pengzhou Longmenshan Tourism Resort, mapping industry-chain segments, companies, and supporting resources to inform industrial planning and investment attraction
- Collected, consolidated and analysed project data for the Chengdu Industrial Park Early-Warning Platform and Chengdu Tianfu Olympic Sports Park, producing supporting analytical reports

CCID Industry and Information Technology Research Institute (Group) Sichuan Co., Ltd.

Development and Operations Intern

Aug 2025 – Dec 2025

- Researched and consolidated national, provincial and municipal policy documents across 18 industries, implementation conditions, and supporting materials for Mianyang Economic Development Zone and Qingchong Aviation Technology Industrial Park
- Assessed prospective tenants and their suitability for multi-storey industrial facilities in Pengzhou's "Zhihui Port" multi-storey industrial development project and drafted Wenjiang District's 15th Five-Year Plan for Advanced Manufacturing proposal
- Led outreach to more than 200 companies for green-food industry investment attraction at Pidu High-Tech Industrial Park, with 40 companies expressing interest in collaboration

China Construction Bank, Sichuan Branch

Corporate Banking Intern

Jul 2022 – Aug 2022

- Liaised with more than 20 small and micro-enterprises under CCB's inclusive finance initiative and supported pre-loan due diligence, reviewing financial statements, credit records, operating information, loan documentation and repayment capacity
- Conducted fieldwork for CCB's rural-revitalisation programme, collecting 30+ survey responses and synthesising findings into a research report
- Led and coordinated a 34-member intern team, tracking internship records and work progress; organised three teams for the "CCB Life" app operations and promotion competition and supported related research activities

SELECTED PROJECTS

Social Security Gaps and Institutional Innovation for Gig Workers in the Digital Economy

Sep 2025 – May 2026

Sichuan Academy of Social Sciences – "Academic Seedling" Research Project | Project Lead

- Examined gaps in gig workers' social security and labour protections through literature review, theoretical analysis, and comparison of domestic and international policies.
- Proposed broader coverage for informal employment, stronger oversight of algorithmic management, multi-tier social security provision and comprehensive labour-rights support

Employment and Social Security Policy for the 15th Five Year Plan

Dec 2024 – Jul 2025

Research Contributor

- Reviewed and compared employment and social security provisions in provincial-level 14th Five-Year Plans, identifying common priorities, regional differences and lessons from Sichuan's experience to support its 15th Five-Year Plan
- Drafted policy recommendations on employment and social security, with several recommendations adopted by the department

SKILLS

- Languages: Mandarin Chinese (Native), English (CET-6: 549; professional working proficiency)
- Technical: Python, Stata
- Productivity: Microsoft Excel, PowerPoint, Word
